

*A comfortable family and formal dining atmosphere!*

### ***LISTEN TO WHAT OUR CUSTOMERS HAVE TO SAY***

- I've eaten here a few times, always a good experience and good size meals. They have a huge projection TV for football Sundays. It's a good place to grab a quick lunch too, prices are reasonable.
- Relaxing setting, a great staff! Love it and highly recommend it for a great meal or just a glass of wine to unwind from your day!
- Great food, nice service, decent prices too. Our favorites include the fried calamari - always tastes fresh and crispy. Great clam chowder and lobster bisque! Burgers are delicious and the full dinners are good (and even come with a salad, unlike many places these days). The best part is their homemade cheesecake - addictive!
